

STRAWBERRY AND QUARK SLICES

QimiQ BENEFITS

- Creamy indulgent taste with less fat
- No additional gelatine required
- Only 2 preparation steps

15

easy

Tips

Cream cheese can be used instead of quark.

INGREDIENTS FOR 12 SLICES

1 Sponge base

FOR THE CREAM

500 QimiQ Classic Vanilla

250 g Low fat quark [cream cheese]

100 g Sugar

0.5 Lemon(s), juice only

250 g Strawberries, diced

125 ml Whipping cream 35-36 % fat, whipped

METHOD

1. Prepare the sponge base according to the recipe.
2. For the cream: whisk the unchilled QimiQ Classic Vanilla smooth. Add the quark, sugar and lemon juice and mix well. Fold in the strawberries and whipped cream.
3. Spread the cream onto the sponge base and allow to chill for approx. 4 hours.
4. Portion and decorate as desired.
