

PREMIX BLUEBERRYMOUSSE

QimiQ BENEFITS

- Cannot be over whipped
- Freeze stable
- Consistent quality

10

easy

INGREDIENTS FOR 1200 G

450 g QimiQ Whip Pastry Cream

1 Gelatine sheets à 3 g

110 g Sugar

150 g Whole egg(s)

15 g Lemon juice, fresh

150 g Butter, liquid

320 g Blueberry puree

METHOD

1. Soak the gelatine in cold water.
2. Mix the QimiQ Whip, sugar, whole egg, fresh lemon juice and melted butter in a pan.
3. Heat the ingredients to 80 °C and remove from the heat.
4. Squeeze the softened gelatine and add to the QimiQ mixture. Quickly stir in the blueberry puree.
5. Mix all the ingredients together using a stick blender.
6. Fill into a vacuum bag.
7. Chill overnight to 5 °C.
8. To use: pour the mixture from the bag into a mixer. Whisk for approx. 2 minutes until required volume has been achieved.
9. For sliceable cakes - use 2.5 g gelatine for each 100 g fruit puree.
10. For mousse - use 1.25 g gelatine for each 100 g fruit puree.
11. For ice parfait - no gelatine required.
